

LETTER OF REFERENCE

Occupational Training International has been cooperating with eGlobal Connections in the arrangements of business trips for our employees since 2013. OTI was looking for a reliable supplier of such services as air ticket booking, visa support services, meeting arrangements and guest accommodations at high level required by our company.

eGlobal Connections had become the company, which fully complies with our requirements. During the period of our cooperation eGlobal Connections personnel has demonstrated highly professional attitude to their work.

As a result of our successful cooperation we can recommend the business trips arrangement services offered by eGlobal Connections to anyone interested in such services.
